Idea Contents:

For more than two thousand years ago until now, people around the world celebrate Christmas. They eat, drink and be merry instead, however, they might not have known the international year-counting standard is based on the traditional reckoning of the year that Jesus was born.

How much do we know about the real meaning of Christmas?

As stated in this year's theme, **“For the Love that can Change the World, Jesus is Born!”**, the board of jury will evaluate all the submission works based on the following criteria:

1. Christmas is the time to bring into memory and celebrate the birth of Jesus, who is our Saviour, into the world. This is the true meaning of this Unreserved Love that can change the world.
2. Though Jesus was born humbly in the manger, whoever believe in Him as their Saviour, will be redeemed from sin and their spiritual lives will have a new change. They learn how to love and scarify, just like how Jesus loves us. He is willing to be born in this sinful world.
3. Christmas is all about Jesus Christ. All participants are invited to present the theme “For the love that can Change the world, Jesus is Born!” with unlimited creativity in their entries.

Other Reminders:

1. Works should be presented with 2D dimensional design.
2. Students' names should be written at the back of each work.
3. Idea contents must be related to Christmas. Otherwise, the work will be considered disqualified.
4. Each student will be given a white piece of drawing card. Parents and students are welcome to participate.
