

Saviour Lutheran School

Project Learning Week (Circular No: E071/2023-2024)

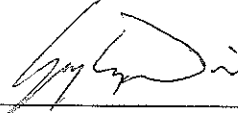

Dear Parents / Guardians,

The Project Learning Week in this academic year (2023-2024) will be held from Monday, 29th January to Friday, 2nd February, 2024. For this year's theme 'Health and Life', students will complete the project learning study in the lessons. There will be no homework during this week.

During the Project Learning Week, students in the primary school will study on the theme of "Visual Impairment", while students in the secondary school will study on the theme of "Dementia". We will design a variety of learning experiences through thematic learning, including interdisciplinary learning, experiential learning, outing activities, oral presentations, etc. This will allow students to learn to collaborate, communicate and develop skills in research and speaking. etc., so that students can learn positive values such as care and gratitude.

Yours faithfully,

Rev. Yeong Ling Wui
Principal

19th December, 2023
