Life Education Activity Programme (LEAP)

In-School flag bag Fundraising Activity

(Circular No.: E099/2025-2026)

Dear Parents/Guardians,

The "Life Education Activity Programme" (LEAP) is a registered charity founded in Hong Kong in 1994. Through advanced teaching technology and unique activities, LEAP provides children and young people with a positive and systematic healthy lifestyle and preventive education curriculum. It aims to help students understand the importance of healthy living and the dangers of drug abuse.

As our students are among the beneficiaries, our school is pleased to support their efforts. LEAP will hold a Flag Day in the Kowloon district on Saturday, 11th July, 2026, to raise funds for the development of their health education and preventive education programmes.

To support their fundraising, our school sincerely invites parents and students to participate in our **in-school flag bag fundraising activity**. Details are as follows:

In-School fundraising dates: 23rd to 26th June, 2026 (Tuesday to Friday), a total of 4 days
